PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student with knowledge of Java, Python, C, DSA and Full-Stack Development. Built web applications, automation solutions, and database-driven systems through internships and academic projects. Familiar with CI/CD practices, software testing, and modern development workflows.

EDUCATIONS

Year	Degree	Institute	CGPA/MARKS
Aug 2023 - May 2026	Bachelor of Technology in Computer Science and Engineering	KL University	8.9
Aug 2020 - May 2023	Diploma in Computer Science and Engineering	Galgotias University	8.4

WORK EXPERIENCES

DevOps Engineer | Part-time

Mar 2025 - Jul 2025

Innovience Remote • Online

- Built, deployed, and maintained the company website using React, Node.js, and Tailwind CSS, supporting 100+ users and maintaining 99% uptime.
- Reduced website downtime by 30% and improved page load performance by 20% through deployment workflow improvements and issue resolution.

Technologies / Skills Used : React, Node.js, Tailwind CSS

PROJECTS

AI Powered Testing

May 2026 - Present

Designer & Developer

- Developed an AI-powered testing platform with self-healing automation and CI/CD integration, reducing test execution time by 40% and improving testing efficiency.
- Engineered self-healing test automation capable of automatically recovering from 80%+ of UI locator changes, minimizing test failures.
- Integrated testing workflows into CI/CD pipelines, enabling 100% build validation before deployment.
- Decreased test maintenance effort by 50% and reduced manual testing workload through AI-driven automation.

Technologies / Tools Used : Node.js, React, Tailwind CSS, Express, SuperBase, CI/CD, Selenium

Behavior-Driven Testing of an Economic Website | 🐙 Github

Feb 2025 - Apr 2025

Tester

- Tested and validated 10+ application features, including data search, currency conversion, and stock trend analysis.
- Implemented BDD practices and created 20+ reusable test scenarios, improving collaboration between development and testing teams.
- Increased overall test coverage by 35%, enhancing software quality and defect detection.
- Reduced manual tracking efforts by 40% through streamlined workflows for task assignment, progress monitoring, and performance evaluation.

Technologies / Tools Used : Java, Selenium, Cucumber

Internship Management System | 🐙 Github

Aug 2024 - Dec 2024

Developer

- Engineered a web-based internship management platform supporting 3 user roles (Admin, Mentor, Student) and enabling centralized tracking of 100+ internship tasks and submissions.
- Reduced manual tracking efforts by 40% through automated workflows for task assignment, progress monitoring, and performance evaluation.

Technologies / Tools Used : Java, React, JavaScript, MySQL, Spring Boot

Student Course Management System | 🐙 Github

Sep 2023 - Nov 2023

Designer & Developer

- Architected a Student Management System to efficiently manage and maintain 500+ student records.
- Implemented CRUD operations and database integration, improving data retrieval efficiency by approximately 30%.

Technologies / Tools Used : React, Node.js, MongoDB, Tailwind CSS

SKILLS

Databases :	MySQL, PostgreSQL, SQLite
Frameworks & Libraries :	Test Automation, BDD
Languages :	English, Hindi
Programming Languages :	C, Python, Java
Soft Skills :	Data Structures, Algorithms, Full-Stack Development (MERN)
Tools & Platforms :	Git, GitHub, CI/CD Concepts, Data Analysis, Trend Analysis, Responsive Web Design

CERTIFICATIONS

- NSDC PMKVY 4.0 – Software Programmer
- Salesforce Certified AI Associate
- Wipro TalentNext Java Full Stack Certification

AWARDS & ACHIEVEMENTS

- Organized an **All India Hackathon** with **100+ participants from 20+ colleges**, coordinating event logistics, registrations, and judging activities.
- Led a **5-member Social Media Team** at the **Startup Society (College Club)**, managing content strategy and campaign execution across multiple platforms.
- Increased event visibility by **30%** and supported the promotion of **10+ startup and college events** through coordinated digital marketing campaigns.
